Dear Porsche enthusiast,

Thank you for taking the time and care to configure your Porsche. Given the vast array of options and color combinations, it is truly possible to create a vehicle that is as individual as you are. Something that our designers and engineers in Weissach, Germany go to lengths to ensure.

Decades ago, Dr. Ferdinand Porsche could not find the car of his dreams, so he built his own. This spirit continues to drive us to deliver to you the car of your dreams.

If you'd like to continue your journey toward owning a Porsche, your local authorized Porsche dealership is here to help. They have certified experts who can provide consultation on personalization via Porsche Exclusive Manufaktur or Porsche Tequipment vehicle accessories. As you would expect, they can also assist with finance and lease options.

You can locate and contact your nearest authorized Porsche dealership by visiting [www.porschedealer.com](http://www.porschedealer.com). From there, you are welcome to share your Porsche Code at the bottom of this letter and schedule a visit and a test drive.

Sincerely,

Your Porsche Team
